28<sup>th</sup> November 2018

Dear Parents/Carers

**RE: Further Qualification in Mathematics**

After marking the November PPEs (Pre-Public Exams), the Maths Department and I have made the decision to offer your son/daughter the opportunity to enrol in a Further Mathematics GCSE. Only a small group of Year 11 students who have shown promise and who seem able to cope with the demands of a further GCSE have been chosen. Although not a certainty, as it stands, we predict that your son/daughter will achieve a high grade in the summer.

The Further Mathematics GCSE aims to both develop students' mathematical knowledge, whilst fully preparing students who choose to study Mathematics at A Level and in Higher Education. It covers topics taught in A-level Maths and extends topics they will be familiar with.

In order for students to be successful, they will obviously need to commit time and effort to this. We propose that students will need to commit to at least a one hour lesson a week at the end of the Academy day as well as the completion of homework tasks. These sessions will be on a Monday, starting on Monday 3<sup>rd</sup> December 2018.

If you require any further information or clarification on the above, please do not hesitate to contact me through email.

Yours sincerely

**Mr Connor Early**

.....✂.....

**Year 11 Further Maths GCSE qualification**

I do/do not\* [delete as appropriate] give permission for my child to attend a 1 hour maths lesson every Monday between 3 - 4pm in order to complete the Further Maths GCSE qualification.
